Sim, 29,30 & 31 Clements Lane, London EC4

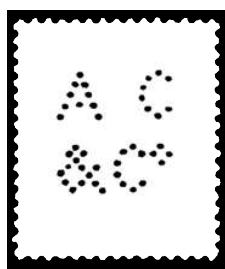

Correction

Queen Victoria ½d Brown Wrapper perfin GWR

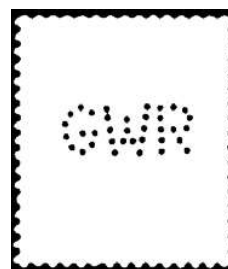

The details in Bulletin 353/16 and the illustration on page 17 need to be deleted. The die number is G5610.04A (a new die). It has not been identified as used by Great Western Railway but obviously it is a provisional identity. **Roy Gault** has put the dates of use for this die as 1882-1885.

N0640.01

A1105.02

G5610.04A
